Deposits on Future

Bookings

Due to a

number of no shows and guests not cancelling appointments that they can't make, we are taking deposits of upto 50% on future appointments. The deposit can either be used against your appointment or can be left to roll over if you are rebooking. We understand that sometimes you may have to cancel but we ask that you give us at least 24-48 hrs notice so we can refill the space. The deposit will then roll over to your next appointment. We will only take the deposit if you no show, this genuinely reflects the loss we have suffered as a result of not cancelling the appointment.

Masks - Close Contact Services

Due to the provision of close contact services the team will continue to wear face masks and recommend that you do so when having services in the salon unless you are exempt. This is our way of keeping ourselves and our guests safe whilst there is still a risk of spreading covid-19. It is recommended that people should continue to wear face coverings in crowded and indoor spaces where they come into contact with people they do not normally meet. We will also maintain seating at every other styling station & screens on reception and at the basin area.

Social media has become a big part of modern life, take a look at our Facebook page Keith Graham Hairdressing Cliftonville & Instagram @keithgrahamhairdressing. Our designers like to take pictures of their work to share on our pages especially if it's a restyle, colour change or extensions. This is also used to communicate any news, promotions or late availability appointments that may be of interest to you.
