

Update Coronavirus 23rd March 2020

We are following closely the guidance from the UK government and will adhere to the advice given for small businesses & public health & safety.

With the need for social distancing it is necessary for us to stop working and pause for a while to maintain the welfare of our team & salon guests that we come into contact with.

We thank you for your patience during the pandemic and hope to be back soon.

Please don't panic about a little bit of regrowth, hair only grows about half an inch a month, don't be tempted to colour your hair at home, it can go wrong, our designers do mix a bespoke colour for you, the only reason you would consider this is that you are unable to visit the salon.

We would also ask you not to contact any of our team to request they come to you, the government are working hard and asking us for help in reducing the spread of Covid -19, this will also contravene the terms and conditions of their employment. We want everyone to be safe and will be open again as soon as government guidelines allow us to do so.
